Subject: DTSC News Feed

DTSC News Feed is a weekly email that pulls together short updates and internet links to keep you informed about the latest accomplishments and news highlights at the California Department of Toxic Substances Control (DTSC).

March 24, 2016

- DTSC has collected more than 1,000 access agreements and cleaned more than 200 properties near the Exide facility in Vernon. See the latest cleanup numbers [here](#).
- A recent article in the National Law Review stated, "California's landmark green chemistry law is the most extensive state chemicals management framework in the country." Read the full story [here](#).
- Don't forget to like us on [Facebook](#) and subscribe to our [YouTube](#) channel!

Archived versions of DTSC News Feed can be found on the department [website](#).

If you would like to receive DTSC News Feed, a weekly email that pulls together short updates and internet links to keep you informed about the latest accomplishments and news highlights at the State Department of Toxic Substances Control, please [subscribe here](#).
